

First Unitarian of Rochester - Results of 2020-2021 Congregational Survey

We had a good response to this year's 1st UU Congregational Survey. Your feedback is helping us understand our progress and our challenges.

The first 40 Survey questions were based directly upon our Church's Ends (goals). A mean score follows each of these 40 questions. A score of "4.0" would be perfect (everyone Strongly Agreeing), while a score of "0" would be the opposite. Most of our mean scores fell in the 3.0 range or better.

We also tallied the "not enough information to answer" responses. Those percentages are also instructive.

Using a mean scoring system allows us to see patterns, from this year to following years. You will see many of these Survey questions again, in the years ahead.

Also, we summarized your responses to the Survey's several open-ended questions. This gives us further insight into how we are doing as a Church.

We share this information openly with our Members. **WE THANK YOU SINCERELY** for your participation in this year's Congregational Survey.

Linkage Team, 1st UU Board of Trustees
